Student at Florida Gulf Coast University

Florida Gulf Coast University

Naples, Florida • 0 

I am currently a student at Florida Gulf Coast University, in the field of Mathematics. That said, I am not limited to Math, it is simply one of my strongest fields. I also have strength in Physics, Chemistry, and Computer Science. As with everyone, there are things I do not know; however, what I don't know, I can learn, and I learn with great ease and speed.
